Respectfully submitted,

HENRY K. BEARSE,
Treasurer

TOWN OF HARWICH

WATER WORKS REPORT

At a town meeting held December 27, 1935, it was voted to supply itself and inhabitants with water

This action and the procedure in building the water works was taken under a special authorization act of the Legislature being Chapter 165 of the Acts of 1935. This was a usual water works act with all the necessary provisions for construction and operation of the water works.

The Selectmen, after due investigation and consideration, engaged Whitman and Howard of Boston, well known engineers in these lines, as engineers for the proposed work.

An application was made in due form to the Federal Emergency Administration of Public Works, commonly called the P. W. A., for a grant of 45 per cent of the total cost of the work under date of June 25, 1935. It was planned to lay about fifteen and one-half miles of water mains, obtaining water from wells, with a pumping station and elevated pressure tank, at an estimated cost of \$260,000. Of this amount, the Federal grant, applied for, and later granted, was \$117,000, the Town furnishing the remainder.

It was necessary to apply to the Massachusetts Emergency Finance Board for approval, their approval being duly obtained.

Proposals for the purchase of the water bond issue were obtained and the bonds were sold to First Boston Corp. at 2 per cent interest, with premium and accrued interest amounting to \$82,927.

We were then prepared to find a good supply of water and proceed. After due preliminary examinations by the engineers, it was decided to buy about twenty acres of

land in the valley north of Chatham Rd., about one and one-third miles easterly from the Town Hall; there to build wells and the pumping station. Bids for the construction of wells, from careful specifications, were obtained and opened January 13, 1936. Six bids were received, based on unit prices, the canvass of bids for same being as follows:

C. Repucci and Co., Boston	\$6,350.00
H. A. Hanscom, West Medford	6,920.00
Roy F. Deng, Chelmsford	7,135.00
Kenealy and Maxwell, Harwich	7,520.40
The Tuller Construction Co., Red Bank, N. J.	8,900.00
The F. A. Mazzur Co., Inc., Boston	7,881.00

The Selectmen awarded the contract to the lowest bidder, C. Repucci and Co. This contract was for four wells, commonly called gravel packed wells, with such experimental pumping as required. This work was pursued and completed on April 2, 1936, the tests being satisfactory in every respect. The wells are 52 inches in diameter and average about 32 feet deep, being in uniformly coarse and clean sand—the wells running north and south through the valley about 200 feet apart. Experimental pumping under sustained draft was done and continued at a high rate (much higher than will ever be required for the water supply) from March 13 to March 18, the level of the water in the valley dropping less than two feet and quickly recovering its elevation. The wells are sealed at the top with an eight inch slab of concrete and twenty-four inches of tamped clay—the purpose to exclude surface water. The location, the wells, and the water supply were approved by the State Department of Public Health as to both quality and quantity, after chemical and bacterial analyses, as being excellent water, good and satisfactory in every respect, as per their letter of April 2, 1936.

The State and Federal authorities having now approved both the water supply and the finances being available, the Selectmen felt authorized to proceed with the construction of the complete water supply system as per the original plan as laid out. Careful specifications and contract having been prepared for pipe connecting wells, furnishing and laying water mains of various sizes with hydrants valves etc., building pumping station with pumping equipment, grading grounds, building elevated tank, laying house services with meters, fittings etc., bids were obtained and opened on April 23, 1936. Eight bids were received, based on unit prices, the canvas of bids for same being as follows:

C. Repucci and Co., Boston	\$241,958.00
Bruno Construction Co., Boston	243,782.00
R. H. Newell Co., Uxbridge	248,157.00
Richard T. White Sons, Inc., Newton	249,080.09
Martin J. Kelley, Boston	249,358.40
Ralph Susi, Boston	258,953.00
M. A. Traficante, Providence	260,592.20
Anthony Ross and Son, Lexington	261,352.00

The pumping station work, and the elevated tank were sublet, with the approval of the Town and the P. W. A. authorities, as were certain other special parts of the work. It was arranged not to lay mains in the State highway, Main St., and the summer section of the Town at Harwichport, during the summer season, work in these particular sections being done in the spring and fall. The work proceeded with as little friction as is usual in such cases, and was completed within the life of the contract as specified, viz:—December 24, 1936. The amount of pipe laid is as follows:

191 feet of 12 inch pipe
29,991 feet of 10 inch pipe
20,745 feet of 8 inch pipe
26,909 feet of 6 inch pipe

1,514 feet of 2 inch pipe
99 hydrants
125 valves
202 house services, with meters

The cast iron pipe was furnished by the United States Pipe and Foundry Company, Matthews hydrants were used, and Trident meters. Special Bitumastic pipe lining was specified and used for the 6 inch pipe accelerating flow of water and lengthening its life. The house service pipe is cement lined, with lead lined couplings and fittings. Special work of an interesting character was done at Herring River, West Harwich, at the bridge crossing, convenient addition being made to the south of the bridge to carry the pipe, and packing and outer casing provided to prevent freezing. It is fair to compliment the contractor, the engineers, and the resident engineer in getting through the work without an accident, and getting the streets resurfaced with painstaking and, as we believe, generally in good shape—the hard street paving being sublet to Louis A. Byrne. Proper permits were obtained from the Commonwealth, Department of Public Works, for needed locations along the State highway.

It was necessary to make proper “grid-iron” connections along the shore line at the ends of the many streets leading to the water at Harwichport to proceed through some 50 pieces of private property. This was done without litigation and practically without expense, and our engineers and town counsel, who labored particularly in these matters, are to be credited with saving the Town from considerable possible expenditure and the thanks and appreciation of the Town is due to the several taxpayers who here gave free rights of way. We believe all necessary rights of way have been legally obtained.

The pumping station together with grading of the

grounds was sublet to Louis A. Byrne, of Dennis, and we have a very excellent brick pumping station in every respect, the design being very fitting, it being a well built permanent building (together with garage) and the grounds being well graded. It is designed to use the building as headquarters for maintenance of the water system it having proper tools and work bench, and a good truck has been provided. Office space is provided for the superintendent, the pump room, pumps and arrangements are both complete and agreeable, and all is well lighted. After thorough investigations and comparisons of probable cost of various sources of power for pumping, it was decided that it would be decidedly to the advantage of the Town to install a Diesel engine to furnish the power for pumping. A 60 horsepower Fairbanks Morse Diesel engine was installed to drive a Pennsylvania centrifugal pump having a capacity of 500 gallons per minute. For stand-by or emergency purposes, a duplicate pump was installed which is driven by a 60 horse power Buda gasoline engine. Both electric motor driven and gasoline engine driven air compressors and vacuum pumps were installed. The pumping equipment was furnished and installed by F. A. Mazzur Co., Inc., of Boston.

The elevated tank, built by the Chicago Bridge and Iron Works, sub-contractors, is of steel, 250,000 gallons capacity, with ellipsoidal bottom. The diameter is 40 feet and the height to the overflow line on the top of the tank is 165 feet above the earth surface at that point. The six legs and the concrete foundations are securely built to withstand both weight and tremor, and is a particularly strong structure. The usual chamber is provided at the base for connections, shut off, etc. The height of the tank is necessary in order to give sufficient water pressure—75 pounds per square inch—to the area supplied by the water works system. Lest this be discounted somewhat, we may

recite that the hills of Harwich and this whole vicinity are but forty to sixty feet above sea level and a high tank is absolutely necessary to give such water pressure from the hydrants as will accomplish the purpose as protection against fire, and gaining the approval of the New England Insurance Exchange (which has been obtained) and which is absolutely necessary to the material reduction in fire insurance rates which we are now entitled to. As for the immediate location of the tank, it was selected after due consideration, first, as had been determined by our engineers (and by several engineers who have stated the tank should be on Kildee Hill) in general and specifically as a matter of economy, the locus here being obtained for ten per cent of what the cost would have been to place it farther back. We have had a particular report on the possibility and reasonableness of embellishing or "dressing up" this tank with its long legs. We are told that it is probably impossible, without many thousand dollars expense, to build any kind of a "dress" or particular embellishment for so high a tank, and that no example of it can be pointed out to us, at least in New England. As to the general appearance of the tank, it was duly considered and has been fully reported on, and with the painting of it an agreeable color, and bearing in mind the proper and necessary use to which it is put—and considering a reasonable economy—we believe it need not be criticised. Two 60 watt electric lights have been placed on the top of the tank at the suggestion of the Department of Commerce, for the twofold purpose of guidance to airplanes and mariners.

Water rate schedules, for takers and hydrant service, according to the advice of our engineers and comparative studies, have been promulgated, following the usual practice of many Towns in Massachusetts, designed to pay the expense of the whole works—except the Federal contribution.

Recent tests of water pressures for fire extinguishment purposes made by our engineers and the New England Insurance Exchange, and the final examinations and report of the Department of Public Health, our engineers' report and our own observation indicate that we have the much desired water works system built and accomplished, and are now ready to serve additional takers who may desire water on the lines of the work. Our Board is happy to report the water system has been completed within the original estimate, viz:—\$260,000; of the Federal contribution of \$117,000, \$91,000.00 having been paid and the remainder, the final payment, on the way.

On September 18, 1936 a town meeting was held and a vote passed to appropriate \$16,000 for further additions and extensions to the water pipe system of the Town, providing that of this amount a further grant of 45 per cent, or \$7,200, might be obtained as a further P. W. A. contribution. Application was duly made to the P. W. A. and approved. An extension of the contract was then given to C. Repucci and Co. at the same prices as their original bid, and the work is now under way providing for extensions in six streets, amounting to about one and one-half miles of pipe with six hydrants, proper valves, etc.

Final plans are being made of the work and they will be properly filed as is necessary for records and future reference.

Our appreciation is due Whitman and Howard, Engineers, for their services in making both good designs, and supervising the execution of the work, and the very many necessary services in the matter of association with the P. W. A., Mr. Lewis A. W. Swett, their supervising resident engineer, our own employee, Mr. N. W. Bee, clerk, the several P. W. A. office officials and their local resident en-

gineer inspector, Mr. J. J. Campobasso, as well as Mr. Eugene Repucci of the contracting firm.

The labor employed was mostly local, which was greatly to the advantage of the residents in the vicinity, the amounts being paid locally for material and labor being many thousands of dollars.

Respectfully submitted,

JABEZ W. CROWELL
CHARLES D. HOLMES
GERSHOM D. HALL

REPORT OF AN AUDIT
of
THE ACCOUNTS OF
THE TOWN OF HARWICH
For The Period From November 21, 1935
to December 10, 1936

Made in Accordance with the Provisions of
Chapter 44, General Laws

To the Board of Selectmen, Mr. Jabez W. Crowell, Chairman, Harwich, Massachusetts.

Gentlemen :

I submit herewith my report of an audit of the books and accounts of the town of Harwich for the period from November 21, 1935, to December 10, 1936, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL

Director of Accounts

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir :

As directed by you, I have made an audit of the books and accounts of the town of Harwich for the period from November 21, 1935, the date of the previous audit, to December 10, 1936, and report thereon as follows :

The records of the financial transactions of the several departments receiving or disbursing money for the

town, or committing bills for collection, were examined and checked.

General ledger accounts were compiled, the appropriation accounts were analyzed, the appropriations and transfers recorded being checked with the town clerk's records of town meetings and with the records of the finance committee, and a balance sheet, showing the financial condition of the town on December 10, 1936, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and checked with the records in the several departments in which money was collected for the town, and with other sources from which money was paid into the town treasury, while the payments as recorded were verified by a comparison with the selectmen's warrants authorizing the treasurer to disburse town funds.

The treasurer's cash balance on December 10, 1936, was proved by actual count of the cash in the office and by a reconciliation of the bank balance with statements furnished by the bank deposit.

The recorded debt incurred during the current year was set up and maturing interest payments were checked.

The savings bank books and securities representing the investments of the trust funds in the custody of the town treasurer, the trustees of the Caleb Chase Charity Fund, and of the George W. Nickerson Fund for the Brooks Public Library, were examined and listed, the income being proved and the disbursements and transfers to the town being verified.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records. The reported redemptions were checked with the receipts as re-

corded on the treasurer's cash book, and the tax titles on hand were listed and proved.

It is recommended that the assessors promptly furnish the collector with copies of all abatements granted, as required by Section 60, Chapter 59, General Laws, and that they also notify the accountant of such abatements, in order that his ledger may show at all times the correct amounts outstanding on the several tax levies.

The books and accounts of the tax collector were examined and checked. The taxes and assessments outstanding at the time of the previous examination were audited, and all subsequent commitments were analyzed and reconciled with the assessors' warrants for their collection. The payments to the treasurer by the collector were checked to the treasurer's books, the abatements as recorded were compared with the records of abatements granted by the assessors, and the outstanding accounts were listed and proved.

Verification of the outstanding accounts was made by sending notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The records of licenses and permits issued by the town clerk and other departments were examined and checked, and the payments to the State and the town were verified.

It is recommended that the selectmen keep a complete record of all licenses and permits granted and that advance payments be required with applications for licenses.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

The records of departmental accounts receivable were examined. The payments to the treasurer were verified, the abatements were checked, and the outstanding accounts were listed and proved.

In addition to the accounts mentioned, the available records of all other departments collecting money for the town or rendering bills for collection were checked in detail.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, assessment, tax title, and departmental accounts, as well as tables showing the condition and transactions of the trust funds.

During the progress of the audit, co-operation was received from the various officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE

Assistant Director of Accounts

REPORT OF TRUSTEES OF BROOKS' FREE LIBRARY

Through the year 1936 Brooks Free Library has had a circulation of 11,600 books, 2,622 of the number being sent to North, East and South Harwich.

306 books have been added to the library, 70 being non-fiction and 14, gifts.

With two exceptions the magazine list is the same as 1935.

The important event of the year has been the remodeling of the building. The lower floor is made over into ample quarters for the district court. Modern heating for the whole building with the exception of an unused room on the second floor has been installed.

The work on the first floor including all heating and plumbing has been accomplished by a W. P. A. project, superintended by the board of selectmen.

Upstairs, by removing a few partitions a beautiful young people's room has been provided. As soon as the children's books are moved to the new stacks, it will be ready for use.

It has been a pleasure to the trustees to prepare a suitable back ground for the fine collection of Rogers Groups in the room across the hall from the old auditorium.

When the holiday season is over these rooms will be settled and it is hoped that before many weeks pass, the public will be favored with a special invitation to view the new library quarters.

REPORT OF SUPERINTENDENT OF STREETS

To the Hon. Board of Selectmen :

I would like to submit a report on roads in the town. We have ten miles of Bituminous Concrete road four miles of which is non skid surface ; approximately fifty miles of layer method oil road which is in fair condition ; but needs widening and hardening of shoulders with the travel of to-day, but do not have sufficient funds for improvement ; also 20 miles of dirt road to keep in repair.

Respectfully submitted,

ALONZO NICKERSON,

Supt. of Streets

December 31, 1936.

FRANKLIN D. UNDERWOOD

REPORT OF THE FIRE AND FOREST WARDEN DEPARTMENTS FOR THE YEAR 1936

To the Hon. Board of Selectmen and
To the Citizens of the Town of Harwich:

I hereby respectfully submit my Annual Report of activities and expenditures of Departments for the year 1936.

The Departments have responded to 81 (eighty-one) calls, as follows:

House fires	25
Forest fires	12
Grass fires	9
Chimney fires	9
Auto fires	7
Oil Stove fires	2
Oil Heaters (hot water)	2
Electrical fires	2
Dump fires	3
Permit fires uncared for	3
Permit fires out of control	1
False alarms	3
Drownings	2
Rescue from boat	1
<hr style="width: 10%; margin-left: auto; margin-right: 0;"/>	
Total	81

The Department has made 8 inspections for Fire Hazards.

There have been 2 buildings taken down and removed which were fire hazards.

There have been 5 building inspections made.

Estimated value of buildings and contents which were involved was \$97,500.00

Estimated loss on bldgs. and contents	2,915.00
Sixty acres of scrub land and wood land	900.00

The members of the Department have held 16 weekly drills of two hours each, at the Fire Station during the year.

Three members of the Department have attended a Fireman's Training school once a week for ten weeks.

The public is cordially invited to inspect the Fire Station and apparatus at any time. There is always someone on duty at the station on Bank Street.

Respectfully submitted,

GEORGE M. MOODY,
Chief of Fire Dept. and Forest Warden.

REPORT OF THE POLICE DEPARTMENT

To :

The Honorable Board of Selectmen,
Town of Harwich, Mass.

Gentlemen :

I herewith respectfully submit my fourth annual report of the Police Department for the Town of Harwich, for the year ending December 31, 1936.

Following is a list of cases brought before the 2nd District Court for the year 1936.

Persons killed by automobile	1
Search warrants served for liquor and stolen goods	23
Summons served	47
Fire attended	69
Drownings	3
Articles reported lost and found	5
Sick or injured persons assisted to Doctor or home	11
Persons given a nights lodging	6
Due to the Town of Harwich for the use of Lockup	\$35.25
Distance covered by Patrol Car	24,139 miles
Disposition of Cases	
Guilty	140
Not Guilty	8
Dismissed	3
Filed	26
Sentence suspended or placed on probation	35
Sentence to House of Correction	43
Appealed	4
Bound over to Grand Jury	2
Fined	47
Total of fines	\$980.00

A detailed statement of the number of cases brought before the Court is hereby submitted, together with a statement of other activities that do not result in Court Action.

Attention is called to the fact that there has been an increase in the number of complaints received for investigation, some of which are proven to be groundless, takes considerable time of our department, but must be attended to. It is self evident that by the very nature of at least a part of our population, many complaints are received, more so than in other towns of a similar size.

I have heretofore called attention to the condition of the lockup, of which we are required to maintain. The cells in our lockup are totally unfit for use and should be replaced by moveable steel cages. There is no water supply in the lockup at present, all water is brought in, in buckets. I presume that with the completion of the water system, provisions will be made for a supply for the lockup.

The work of the police department cannot be wholly judged by the number of Court cases. A police department can be and should be useful for the purpose of discouraging crime in our midst, if the criminally inclined are conscious of the fact that a well equipped and alert police department is functioning in a town, that town will be avoided by those who seek to prey on their fellow men.

The night patrol has again proven its worth during the past year, as it has undoubtedly discouraged many from breaking and entering buildings. There were only two cases of breaking into buildings during the past year and that being two buildings used for storing of cranberries. There were also some pilfering of cranberries during the fall, until an officer was assigned to patrol all cranberry swamps. This swamp patrol will again be taken up next fall.

The inspection of the closed cottages has continued and we feel that a summer resident who pays large taxes, is

entitled to this protection of his property in his absence. The frequent inspection by this department has had the effect of lessening the number of depredations on closed estates.

Attention is also called to the fact that in comparison with other towns in this County having a Police Department the pay of the officers in our department is exceedingly low. They are getting but slightly more than P. W. A. workers and are working at a job that compels them to be on duty at least 12 hours per day, besides being on call at all times. A police department can be no better than its officers and good men should be adequately paid.

Our regular officers are men of experience and I am pleased to say are competent men and I can heartily recommend that provisions be made to pay them a living wage.

Respectfully yours,

EMULOUS E. HALL,

Chief of Police.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To:

The Honorable Board of Selectmen,
Town of Harwich,

Gentlemen:

I herewith respectfully submit my third annual report as Sealer of Weights and Measures for the Town of Harwich for the year ending December 31, 1936.

I wish to express my appreciation for the continued cooperation received from the Board of Selectmen and all others that I have come in contact with in the performance of my duties.

TOWN CLERK'S REPORT

ANNUAL TOWN MEETING WARRANT

FEBRUARY 3, 1936

Article 1. To choose a Moderator.—John H. Paine chosen.

Article 2. To choose on one ballot the following Town Officers and Committees: Town Clerk, Town Treasurer, Tax Collector, for one year; one Selectman, Overseer of Public Welfare and Board of Health, for three years; one Assessor, for three years; three Herring Committee, for one year; one School Committee, for three years; three Constables, for one year; one Trustee of Brooks Library, for three years; one Park Commissioner, for three years; a Moderator for one year.—See 1936 Town Report.

Article 3. To choose all other necessary Town Officers and Committees.—See 1936 Town Report.

Article 4. To see if the Town will vote to authorize the town treasurer with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1936, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws. So voted.

Article 5. To hear the report of all Town Officers and Committees, for the year 1935.

Accepted with the request that the Housing (School) Committee make its report previous to action on Article 41.

Article 6. To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, and act fully thereon.

The Finance Committee recommend that the following amounts be raised and appropriated under Article 6 :

Hearings		\$200.00
Moderator		20.00
Selectmen and Assessors' Salaries		3,700.00

123,302.75

Article 7. To see if the town will vote to Instruct its Selectmen to control, regulate and prohibit the taking of Eels, Clams, Quahaugs and Scallops, within the Town limits as provided in Chapter 91, Section 85 and acts and amendments thereto to the revised Laws of Massachusetts, and to make any regulations in regard to such fisheries as may be expedient, and act fully thereon.

The Finance Committee recommend that this article be accepted and adopted. So Voted.

Article 8. To see if the town will authorize the Treasurer to assign tax titles owned by the town.

The Finance Committee recommend that this article be accepted and adopted.

Town voted against this article.

Article 9. To see if the town will vote to erect and maintain three street lights on Queen Ann Road, North Harwich, from Main Street to the residence of John Nunes, and raise and appropriate a sufficient sum of money for this purpose.

The Finance Committee recommend that two lights be installed, one each on the second and sixth poles from the Main Street, and that the sum of thirty-five dollars be raised and appropriated therefor.

Report accepted and adopted.

Article 10. To see if the town will vote to raise and appropriate a sufficient sum of money to erect and maintain a street light on the last pole on Oak Street.

The Finance Committee recommend that no new light be installed, but that the last light now on this street be moved one pole further north.

Report accepted and adopted.

Article 11. To see if the town will vote to place and maintain one street light on Willow Street, West Harwich, at a point about midway between Riverside Drive and Belmont Road.

The Finance Committee recommend that one light be installed on the fourth pole in the Belmont Road easterly, and the sum of \$17.50 be raised and appropriated for the same.

Report accepted and adopted.

Article 12. To see if the town will vote to erect and maintain two street lights on Sisson Road, between the residence of James T. Woodward and Carl A. Carlson. By request.

The Finance Committee recommend that one light be installed on the fourth pole south from the present light, and the sum of \$17.50 raised and appropriated for the same.

Report accepted and adopted.

Article 13. To see if the town will vote to place an electric light on Bank Street, about opposite the residence of Arthur W. Tobey, Jr., and act fully thereon. By request

The Finance Committee recommend that no new lights be installed, but that the first light south of the house be moved one pole north, and the pine limbs blanketing the next light south be removed.

Bank Street near residence of Arthur W. Tobey, Jr.

Article 14. To see if the town will vote to raise and appropriate a sufficient sum of money to install and maintain one street light on Satucket Road, Harwichport, midway between Ayer Lane and Pine Street. By request.

The Finance Committee recommend that this article be indefinitely postponed.

So voted.

Article 15. To see if the town will vote to maintain a street light at the junction of Lower County Road and

Brooks Road, and raise and appropriate a sufficient sum of money for this purpose.

The Finance Committee recommend that this article be accepted and adopted and one light installed, and that the sum of \$17.50 be raised and appropriated for the same.

So voted.

Article 16. To see if the town will vote to raise and appropriate a sufficient sum of money to erect and maintain one arc light in front of the West Harwich Post Office. By request.

It was voted to remove the light in front of the West Harwich Post Office and place it in the center of the street to increase the the magnitude of said light to serve the purpose of properly lighting the thoroughfare. \$12.50 was raised and appropriated.

Article 17. To see if the town will vote to raise and appropriate a sufficient sum of money to extend the sidewalk in North Harwich, from the Post Office to the School Building, on the South side of Main Street, and act fully thereon.

Indefinitely postponed.

Article 18. To see if the town will vote to raise and appropriate the sum of Five Hundred (\$500.) Dollars to construct a sidewalk to be hardened with bituminous concrete or hot mix, on the East side of Pleasant Lake Avenue in Harwich Center, from or near the Exchange Hall, thence northerly as far as the money will go.

At 11:20 o'clock A. M. this article was accepted and adopted. At 1:37 o'clock P. M., the Moderator allowed a reconsideration of this article. It was then indefinitely postponed.

Article 19. To see if the town will vote to construct a bituminous concrete sidewalk on the East side of the Har-

wich—Brewster road in Pleasant Lake, beginning at a point thereon abreast the residence of Carrie A. Cahoon and thence continuing northerly to a point abreast the residence of J. Burleigh Atkins; and raise and appropriate a sufficient sum of money therefor and act fully thereon.

Indefinitely postponed.

Article 20. To see if the town will vote to build a curb and sidewalk on the East side of Bank Street, Harwichport, from the State Highway to the Public Library, and make an appropriation therefor, and act fully thereon.

Indefinitely postponed.

Article 21. To see if the town will vote to appropriate the sum of Two Hundred and Fifty (\$250.) Dollars to build the sidewalk from where it left off near the property of Ziek Nickerson on Cross Street, to the intersection of Miles and Cross Streets.

Indefinitely postponed.

Article 22. To see if the town will vote to raise and appropriate a sufficient sum of money to fill in sidewalk, raise to street level and macadam finish, for a distance of about four hundred (400) feet on the easterly side of Pine Street, from a point opposite Shell Station at Lower County Road to Satucket Road, Harwichport. By request.

Indefinitely postponed.

Article 23. To see if the town will vote to accept the lay-out of a Town Way in Harwichport, with the boundaries as reported and recommended by the Selectmen under date of January 23, 1936, and instruct the Selectmen to take by purchase or eminent domain, in behalf of the Town the land, or interest in land, within lines of said lay-out, to wit: A thirty (30) foot lay-out extending from lower County road to the shore, being an extension of Hiawatha Road into Western Avenue, so-called.

The Finance Committee recommend that this layout be accepted and that the sum of \$2,200.00 be raised and appropriated to purchase the Nellie Barrett property necessary for the completion of the same, and that the selectmen be authorized to move or sell the cottage and furnishings after purchase, all road work necessary to be done from general highway funds.

Accepted and adopted Finance Committee Report.

Article 24. To see if the town will vote to harden with bituminous concrete or "hot mix" the unfinished portion of the sidewalk on Bank Street, Harwich Center, extending from a point opposite Gorham Road to the base of Moody's Hill, and to raise and appropriate a sufficient sum of money therefor. By request.

Indefinitely postponed.

Article 25. To see if the town will vote to top coat the sidewalk from the residence of Everett B. Mecarta to South Street, and raise and appropriate a sufficient sum of money for said work.

Indefinitely postponed.

Article 26. To see if the town will vote to discontinue as a Town Way the road in West Harwich, known in our town records as the Thomas Ellis Road, more recently called the Old Mill Point Road, leading southerly from Lower County Road into the property of the Old Mill Point Club Inc., and to act fully thereon.

At 11:53 o'clock A. M., this Article was accepted and adopted as read.

Article 27. To see if the town will appropriate the sum of Three Hundred (\$300.) Dollars for the purpose of completion of the Town Dock at Pleasant Bay, East Harwich, and act fully thereon.

The Finance Committee recommend that this article be accepted and adopted.

Accepted and adopted—\$300.00 raised and appropriated.

Article 28. To see if the town will vote to raise and appropriate the sum of Two Hundred Twenty-five (\$225.) Dollars for a new concrete mixer for town use and act fully thereon. By request.

The Finance Committee recommend that this article be accepted and adopted.

Report accepted and adopted.

Article 29. To see if the town will vote to raise and appropriate the sum of One Hundred Thirty-five (\$135.) Dollars to purchase a power mower and grass catcher; the said mower to be used at Brooks Park.

Indefinitely postponed.

Article 30. To see if the town will vote to raise and appropriate a sum of money not to exceed Fifteen Hundred (\$1,500.) Dollars, under the provisions of sub-section 21 of section 1 of chapter 371 of acts of 1921, and any and all amendments thereof and additions thereto for the employing of a nurse through the Harwich Visiting Nurse Association, Inc.

The Finance Committee recommend that this article be accepted and adopted.

Accepted and adopted.

Article 31. To see if the town will vote to raise and appropriate a sum not to exceed Five Hundred (\$500.) Dollars to be paid to the Cape Cod Hospital for the establishment and maintenance of a free bed in the Hospital for the care and treatment of persons certified by the Selectmen to be residents of the town and unable to pay for such care and treatment, in accordance with Section 74 of Chapter 111 of the General Laws, or take any action in relation thereto, and act fully thereon.

Accepted and adopted.

Article 32. To see if the town will vote to raise and appropriate the sum of Seventy-five (\$75.) Dollars for heating the Nursery School.

Accepted and adopted.

Article 33. To see if the Town of Harwich will vote to raise and appropriate the sum of One Hundred (\$100.) Dollars or suitable sum, to place markers to point out the interesting and historical places in Harwich; the markers to be placed by a committee chosen by the Moderator.

Indefinitely postponed.

Article 34. To see if the town will vote to raise and appropriate the sum of Six Hundred (\$600.) Dollars for the use of Harwich Post No. 292, American Legion, in the proper observance of Memorial Day and Armistice Day, and for other purposes. By request.

Accepted and adopted.

Article 35. To see if the town will vote to appropriate the sum of Three Hundred (\$300.) Dollars for the benefit of the Chase Library, West Harwich.

Accepted and adopted.

Article 36. To see if the town will vote to appropriate the sum of Three Hundred (\$300.) Dollars for the benefit of the Harwichport Library Association.

Accepted and adopted.

Article 37. To see if the town will vote to raise and appropriate the sum of Twenty-five Hundred (\$2,500.) Dollars to be used under the direction of the Selectmen for the promotion of public recreation and amusement in the form of Baseball, in accordance with Legislative Acts of 1930, Chapter 12, Section 1.

Accepted and adopted. Rising vote 186 for 2 against.

Article 38. To see if the town will vote to raise and appropriate the sum of Two Hundred Fifty (\$250.) Dollars

for the purpose of providing five Band Concerts, to be given in Brooks Park, during July and August.

Accepted and adopted.

Article 39. To see if the town will vote to pay the Collector of Taxes Eighteen Hundred (\$1,800.) Dollars and act fully thereon.

Indefinitely postponed. Taken care of in Budget for 1936.

Article 40. To see if the town will vote to rescind the action taken under Article 51 of the Annual Town Meeting of 1931, so far as it affects the East parlor of the Legion quarters in Brooks Block and the rooms connecting it with the Library, and to restore said two rooms to the use of the Trustees of the Library for library purposes.

Accepted and adopted.

Article 41. To see if the town will vote to raise and appropriate a sufficient sum of money to build, furnish, and equip a Senior and Junior High School building and to determine how and in what manner said sum shall be raised and to take any other necessary action relative thereto.

Under this article, the following motion with two amendments duly seconded was acted upon at 2:55 o'clock P. M. by a rising vote which resulted in an unanimous vote—namely; 285 in favor none against.

Motion with amendments:

Voted "That there be raised and appropriated the sum of \$120,000.00 for the purpose of building, furnishing and equipping a Senior—Junior High School Building and to meet such appropriation that there be transferred from available funds in the Treasury the sum of \$20,000.00 and that the Treasurer with the approval of the Selectmen be and is hereby authorized to borrow a sum not to exceed \$100,000.00 and to issue bonds or notes of the Town therefor said bonds or notes to be payable in accordance with the

provisions of Chapter 44 of the Gen: Laws so that the whole loan shall be paid in not more than twenty years, or such earlier date as the Treasurer and Selectmen shall determine.

That a building committee consisting of the School Committee, and four citizens to be appointed by the Moderator shall have full authority to construct, furnish and equip said building and do all things necessary therefore within the sums appropriated; that the Committee be instructed to report at a future Town Meeting the plan and specifications for the proposed building and on the question of site for action and approval of the Town.

Committee appointed by the Moderator:

Superintendent of Schools, Charles H. Pratt, Charles T. Chase, Henry M. Small and Edwin M. Surprise.

Article 42. To see if the town will appropriate the sum of Ten Thousand (\$10,000.) Dollars, the same to be used at Wychmere Harbor to get same in usable condition.

The Finance Committee recommend that this article be accepted and adopted and the sum of \$2,500.00 raised and appropriated for rip-rapping the jetty with small stone or other suitable material and for dredging the harbor entrance; said sum, or any portion thereof, to be used in conjunction with any money which may be allotted by state or county or both for this purpose.

Finance Committee report accepted and adopted.

Article 43. To see if the town will pass a by-law to provide periodical audits of the town's accounts annually, under the supervision of the Director of Accounts of the Department of Corporations and Taxation, in accordance with the provisions of Section 35, Chapter 44, General Laws, or to take any action relative thereto.

Indefinitely postponed.

Article 44. To see if the town will vote for the appointment of a Fish and Game Warden, as provided in Chap-

ter 21, Section 7, of the General Laws of Massachusetts, and raise and appropriate the sum of Two Hundred (\$200.) Dollars for the salary of such warden.

Indefinitely postponed.

Article 45. To see if the town will vote to raise and appropriate the sum of Twenty-five (\$25.) Dollars for the expense of an officer finding and disposing of unlicensed dogs, and act fully thereon.

Accepted and adopted as read.

Article 46. To see if the town will vote to raise and appropriate One Thousand (\$1,000.) Dollars provided the County contributes One Thousand (\$1,000.) Dollars and the State Two Thousand (\$2,000.) Dollars for jetty work between the Chatham and Dennis lines, the same to be expended under the direction of the Water Ways Department, and act fully thereon.

Accepted and adopted. And \$1,000.00.

Article 47. To see if the town will vote to transfer the surplus overlay \$3,880.70 to the Reserve Fund, and act fully thereon.

Accepted and adopted.

Article 48. To see if the town will vote to raise and appropriate a sum of money for the improvement of Harwich-Orleans Road; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose; or take any other action in relation thereto.

Accepted and adopted. \$6,000.00 raised and appropriated.

Article 49. To see if the town will vote to accept the lay-out of a Town Way in Pleasant Lake, known as First Avenue, beginning at a point on the easterly side of N. Y. N. H. & Hartford R. R. at the intersection of a Town Way

and First Avenue, so-called; thence running easterly over said First Avenue, as shown on said lay-out, to a point opposite the residence of Mrs. Jennie B. Moody, approximately a distance of about one thousand (1,000) feet, with the boundaries and measurements as reported and recommended by the Selectmen under date of January 13, 1936; and instruct the Selectmen to take by purchase, or by eminent domain, the lands, or interest in the lands, within the lines or said lay-out for said Town Way, and for this purpose raise and appropriate a sufficient sum of money.

The Finance Committee recommend that this article be accepted and adopted, and the sum of \$100.00 raised and appropriated therefor.

Report accepted and adopted.

Article 50. To see if the town will vote to accept the lay-out of a Town Way in Harwichport, with the boundaries as reported and recommended by the Selectmen under date of January 13, 1936, and instruct the Selectmen to take purchase, in behalf of the Town, the land, or interest in land, within lines of said lay-out, to wit: A thirty (30) foot lay-out extending from Bank Street, near property of Walter Keach, to the Cross Street Extension, so-called; provided the owners of said land will donate the same to the town without cost.

Accepted and adopted.

Article 51 To see if the town will vote to accept the lay-out of a Town Way, in that part of Harwich called Harwichport, with the boundaries and measurements as reported and recommended by the Selectmen under date of January 13, 1936, and will authorize and instruct the Selectmen to take by purchase or eminent domain, in behalf of the Town, the lands or the interest in the lands, within the lines of said lay-out, to wit: beginning at the point opposite Cross Street, so-called and extending in a southerly direction to the shore,

for said Town Way, and act fully thereon.

Indefinitely postponed.

Article 52. To see if the Town will vote to use Twenty Thousand (\$20,000.) Dollars from the Surplus Fund to reduce the tax levy for the year 1936, and act fully thereon.

The Finance Committee recommend that \$10,000.00 be taken from the Surplus Funds in the Treasury to reduce the tax levy for the year 1936.

Report accepted and adopted.

Article 53. To see if the Town will vote to authorize the Selectmen to sell, after first giving notice of the time and place of sale by posting such notice of sale in some convenient and public place in the town fourteen days at least before the sale, property taken by the town under tax title procedure provided that the selectmen or whomsoever they may authorize to hold such public auction may reject any bid which they deem inadequate, or take any action relative thereto.

Accepted and adopted.

Article 54. To see what action the town will take in regard to its Herring Fisheries.

Indefinitely postponed.

Article 55. To see if the town will authorize its Selectmen to sell the boiler at Harwich Depot, which has been used in the past to heat oil for roads.

Accepted and adopted.

Article 56. To see if the town will vote to erect and maintain two (2) electric street lights on Lower County Road, between Ben Bee's Corner and Hiawatha Road. By request.

Accepted and adopted and the sum of \$35.00 raised and appropriated.

Article 57. To see if the town will vote to erect and maintain one street light on Ayer Lane, so-called, on pole situated at the rear of Katherine Sperry property.

Accepted and adopted and the sum of \$17.50 raised and appropriated.

Article 58. To see if the town will vote to raise and appropriate the sum of One Thousand (\$1,000.) Dollars to be expended in connection with W. P. A. work, said money to be expended under the supervision of the Selectmen.

The Finance Committee recommend that this article be accepted and adopted.

So voted.

SPECIAL TOWN MEETING WARRANT AND ACTION

Friday, May 22, 1936

Article 1. To hear the report of the Building Committee on the various sites suggested upon which to build the new Senior-Junior High School Building.

Approved.

Article 2. To see if the town will vote to raise and appropriate, or otherwise provide a sum of money for the purpose of purchasing or taking by eminent domain under Chapter 79 of the General Laws Ter. Ed. and acts or amendments thereto, and authorize the Treasurer with the approval of the Selectmen, to borrow such sums as may be necessary to meet any appropriation made and to issue bonds or notes of the town therefor, or take any action relative thereto.

The Finance Committee recommend that Article 2 be laid on the table until Article 3 has been disposed of.

Indefinitely postponed.

Article 3. To proceed to vote by ballot for the choice of a site for the new Senior-Junior High School Building.

Brooks Park chosen.

Article 4. If Brooks Park is the lot chosen as the site on which to build the new Senior-Junior High School, to determine what portion of it the town will authorize to be used for school and school grounds purposes in accordance with Chapter 85 of the Acts of 1936.

Description on Record.

Article 5. To see if the town will raise and appropriate or otherwise provide a sum of money not to exceed \$1,000.00 to be used for clearing, grading and landscaping the new school site which has been chosen.

\$1,000.00 raised.

Article 6. To see if the town will vote to raise and appropriate or otherwise provide for the use of the Building Committee, for expenses, the sum of \$500.00.

Accepted.

Article 7. It being impossible to present to this meeting completed and fixed, and detailed plans and specifications without having had a site upon which to build, to see if the town will approve such general sketches and plans and descriptions of the Building as are presented at this meeting and vote to authorize the Committee to proceed to the construction of the building when complete details are effected without further vote of the town.

Accepted and adopted.

Article 8. In the event that the town votes to take the Killdee Hill location, so-called, for a schoolhouse site, to see if the town will authorize the Selectmen, provided the approval of the Federal Government can be obtained, to change the stand pipe location to the Emery lot, so-called,

and to raise and appropriate or otherwise provide the sum of \$4,500.00 to defray the expenses of making such change and to authorize the Treasurer, with the approval of the Selectmen, to borrow the said sum of \$4,500.00 and to issue bonds or notes of the town therefor, or take any action relative thereto.

Indefinitely postponed.

Article 9. To see if the town will vote to accept Sections 21 to 25 inclusive of Chapter 136 of the General Laws, Ter. Ed. and acts and amendments thereto, which permit Sunday Baseball between the hours of 1:30 and 6:30 in the afternoon, and to act fully thereon.

The Finance Committee recommend the adoption of Article 9.

Laid on table until Town Meeting in 1937.

SPECIAL TOWN MEETING WARRANT AND ACTION

Friday, July 10, 1936

Article 1. To see if the Town will vote to rescind its action of May 22, 1936, whereby it voted to set aside a part of Brooks Park for a school site.

Voted to rescind.

SPECIAL TOWN MEETING WARRANT AND ACTION

Friday, July 31, 1936

Article 1. To see if the Town will vote to choose a site upon which to build the proposed Junior-Senior High School building, and to act fully thereon.

Chester Snow lot chosen.

Article 2. To see if the Town will vote to raise and appropriate or otherwise provide for raising, a sufficient sum of money for the purpose of purchasing the site upon which to build the proposed Junior-Senior building, and to authorize the Treasurer, with the approval of the Selectmen to issue Notes or Bonds of the Town to the amount of the purchase price.

\$65,000.00 raised and appropriated.

Article 3. To see if the Town will authorize the Junior-Senior High School building Committee to file an application to the United States of America through the Federal Emergency Administration of Public Works, for a grant to aid in financing the construction of the proposed Junior-Senior High School building, and to designate the said Committee to furnish such information as the Government may request.

Henry W. Thompson,
Loring G. Williams,
Henry M. Small,
Charles T. Chase,
Ralph W. Doane,
Edwin M. Surprise,
Charles H. Pratt,

Building Committee.

Indefinitely postponed.

Article 4. To see if the Town will vote to transfer from the reserve fund, the sum of \$56.00 (Fifty-six Dollars) for the purpose of supplying electrical lighting in the Band Stand on Brooks Park.

Accepted. \$56.00 appropriated.

SPECIAL TOWN MEETING WARRANT AND ACTION

Friday, September 18, 1936

Article 1. To see if the Town will vote to rescind the action taken at the Special Town Meeting of July thirty-first, 1936 whereby the Town voted to accept the so-called Chester Snow property as a site for the proposed Senior-Junior High School Building.

Voted to rescind.

Article 2. To see if the Town will vote to rescind the further action of the above mentioned meeting whereby the Town voted to provide means of raising Six Thousand Five Hundred Dollars (\$6,500.) to purchase the afore-mentioned site.

Rescinded.

Article 3. To see if the Town will proceed to the selection of a site for the proposed new Senior-Junior High School Building and act fully thereon.

Sisson Road site selected.

Article 4. To see if the Town will raise and appropriate or otherwise provide for raising a sufficient sum of money to meet the purchase price of the site chosen and authorize the Treasurer with the approval of the Selectmen to issue notes or bonds of the Town to the amount of the purchase price.

\$4,700.00 raised and appropriated.

Article 5. To see if the Town will vote to transfer from the Reserve Fund the sum of Three Hundred Fifty Dollars (\$350.) for the purpose of completing the improvements at the Brook's Library. By request.

\$150.00 raised and appropriated.

Article 6. To see if the Town will vote to appropriate the sum of \$675.00 for seal-coating Bank and Main Street, under Chapter 90, whereby the State pays one-half, the County one quarter, and the Town one-quarter; and that said sum of \$675.00 be transferred from the unexpended East Harwich-Orleans Road appropriation.

Accepted and adopted.

Article 7. To see if the Town will vote to raise and appropriate a sum of money for the purpose of financing the extension of the water mains in certain sections of the Harwich Water System now in construction, provided the Town is successful in obtaining an additional Federal grant of money pursuant to the Emergency Relief Appropriation Act of 1935; and authorize and direct the Selectmen to request and accept if forthcoming, on behalf of the Town a Federal grant from the PWA; and authorize the Selectmen to construct said project and contract with respect thereto; and authorize the Treasurer, with the approval of the Selectmen, to borrow such sums as may be necessary to meet any appropriation made; or take any action relative thereto.

The following, presented by Gershom D. Hall was accepted by a 2/3 vote as follows—49 for and 2 against.

Motion “That for the purpose of financing the extension of the mains in the town water system now in construction, and to enable the Town of Harwich to secure the benefits of the Emergency Relief Appropriation Act of 1935 there be raised and appropriated the sum of \$16,000.00, provided the town is successful in obtaining a Federal Grant of money from the PWA and that the Treasurer, with the approval of the Selectmen be and is hereby authorized to borrow the sum of \$9,000.00, and to issue bonds or notes of the Town therefor under authority of and in accordance with the provisions of Chapter 404 of the Acts of 1935; said bonds or notes to be payable in not more than twenty years, at

such terms and maximum rate of interest as may be fixed by the State Emergency Finance Board.

All money received by way of grant from the Federal Government on account of this project shall be applied; first to meet the cost of construction thereof and any balance thereof shall be applied to the payment of the loan herein authorized.

The Selectmen are hereby authorized and directed to request and accept on behalf of the Town, for the use of carrying out such project a Federal Grant of Money pursuant to the Emergency Relief Appropriation Act of 1935, and the Selectmen are authorized to proceed with the construction of said project and to enter into all necessary and proper contracts and agreements in respect thereto all subject to applicable Federal regulations, and the Selectmen are authorized to do all other acts and things necessary or convenient for obtaining said grant and for making said loan and for construction of said project.

\$9,000.00 raised and appropriated.

SPECIAL TOWN MEETING WARRANT AND ACTION

Friday, December 18, 1936

Article 1. To see if the Town will vote to amend Article 7 of the Special Town Meeting held on September 18, 1936, and the Motion thereunder, by inserting wherever the figures "1935" shall appear with reference to the "Emergency Relief Appropriation" the figures "1936", so that the Article and Motion shall read as follows:

Article 7. To see if the Town will vote to raise and appropriate a sum of money for the purpose of financing the extension of the water mains in certain sections of the Har-

wich Water System now in construction, provided the Town is successful in obtaining an additional Federal grant of money pursuant to the Emergency Relief Appropriation Act of 1936; and authorize and direct the Selectmen to request and accept if forthcoming, on behalf of the Town a Federal grant from the PWA; and authorize the Selectmen to construct said project and contract with respect thereto; and authorize the Treasurer, with the approval of the Selectmen, to borrow such sums as may be necessary to meet any appropriation made; or take any action relative thereto.

Motion. "That for the purpose of financing the extension of the mains in the town Water system now in construction and to enable the Town of Harwich to secure the benefits of the "Emergency Relief Appropriation" Act of 1936 there be raised and appropriated the sum of \$16,000.00, provided the Town is successful in obtaining a Federal Grant of money from the PWA, and that the Treasurer, with the approval of the Selectmen be and is hereby authorized to borrow the sum of \$9,000.00 and to issue bonds or notes of the town therefore under authority of and in accordance with the provisions of Chapter 404 of the Acts of 1935; said bonds or notes to be payable in not more than twenty years at such terms and maximum rate of interest as may be fixed by the State Emergency Finance Board.

All moneys received by way of grant from the Federal Government on account of this project shall be applied first to meet the cost of construction thereof and any balance thereof shall be applied to payment of the loan herein authorized.

The Selectmen are hereby authorized and directed to request and accept on behalf of the town, for use in carrying out such project or Federal Grant of money pursuant to the Emergency Relief Appropriation Act of 1936, and the Selectmen are authorized to proceed with the construction of

said project and to enter into all necessary and proper contracts and agreements in respect thereto, all subject to applicable Federal regulations; and the Selectmen are authorized to do all other acts and things necessary or convenient for obtaining said grant and for making said loan and for construction of said project.

Respectfully submitted,

HENRY K. BEARSE,

Town Clerk.

Young, Jr., Fred T.—Truckman	Harwich Port

JABEZ W. CROWELL,
CHARLES D. HOLMES,
GERSHOM D. HALL,

Selectmen.

ANNUAL TOWN MEETING WARRANT

FEBRUARY 1, 1937.

Barnstable, SS.

To either of the Constables of the Town of Harwich, in said County, Greetings :-

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the Inhabitants of said Town qualified to vote in Elections and Town affairs to meet in Exchange Hall in said Town on Monday, February 1st, 1937, at Nine o'clock A. M., then and there to act on the following Articles:-

Article 1. To choose on one ballot the following Town Officers and Committees: Town Clerk, Town Treasurer, Tax Collector, one year; one Selectman, Overseer of Public Welfare and Board of Health, for three years; one Assessor, for three years; three Herring Committee, for one year; one School Committee for three years; three Constables, for one year; one Trustee of Brooks Library, for three years; one Park Commissioner, for three years; a Moderator for one year; three Water Commissioners, one for one year, one for two years, one for three years.

Article 2. To choose all other necessary Town Officers and Committees.

Article 3. To see if the town will vote to authorize the town treasurer with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1937, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for

a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 4. To hear the report of all Town Officers and Committees, for the year 1936.

Article 5. To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, and act fully thereon.

Article 6. To see if the town will vote to instruct its Selectmen to control, regulate and prohibit the taking of Eels, Clams, Quahaugs and Scallops, within the Town limits as provided in Chapter 91, Section 85, and acts and amendments thereto, to the revised Laws of Massachusetts, and to make any regulations in regard to such fisheries as may be expedient, and act fully thereon.

Article 7. To see if the Town will vote to erect and maintain one electric street light in front of the Pumping Station on Chatham Road.

Article 8. To see if the Town will vote to erect and maintain one street light on a pole near the residence of Jennie Ashley, Depot Street, West Harwich, and act fully thereon.

Article 9. To see if the Town will vote to install and maintain two electric lights on Wah-Wah-Taysee Road, Harwichport, and two on Hiawatha Road.

Article 10. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain two street lights on Harbor Road, West Harwich, one to be placed at the intersection of Riverside Drive and Harbor Road, and the other at the other end of Harbor Road.

Article 11. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and main-

tain two street lights to be placed on Forest Street, Harwichport, between the Golf Club and the residence of Harold Eldredge.

Article 12. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain two street lights on Zylpha Road, Harwichport.

Article 13. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain five street lights to be placed on the Lower County Road in West Harwich; one at the intersection of Grey Neck Road and Lower County Road; one half way between Grey Neck Road and Pleasant Road; one at the intersection of Pleasant Road and Lower County Road; one half way between Pleasant Road and Chase Street; and one at the intersection of Chase Street and Lower County Road.

Article 14. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain a street light on the third pole on Chase Street in West Harwich, near the intersection of Pleasant Road. By request.

Article 15. To see if the Town will vote to continue the construction of the bituminous sidewalk on the south side of Lower County Road, Harwichport, from the shop of Walter Emery to Hiawatha Road.

Article 16. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) to build a sidewalk on the East side of Pleasant Lake Avenue, to be hardened with bituminous concrete or hot-mix; to start at the North side of "Exchange Building" and extend northerly as far as money will go.

Article 17. To see if the Town will raise and appropriate the sum of Twenty-seven Dollars Fifty Cents (\$27.50) to cover the cost of installing four electric lights under

each of the balconies in Exchange Hall, providing illumination for Cape musical organizations when playing from the floor.

Article 18. To see if the Town will raise and appropriate the sum of Two Hundred Fifty Dollars (\$250.) to defray the expenses of the Junior Community Band and other Cape musical organizations, in giving free band or orchestral concerts at Brooks Park, and act fully thereon.

Article 19. To see if the Town will vote to raise and appropriate the sum of One Hundred Dollars (\$100.) to reset and repair eleven headstones in the old cemetery at the Centre, which were broken by miscreants during the past year.

Article 20. To see if the Town will vote to discontinue as a Town Way that portion of Belmont Avenue, being in that part of said Town of Harwich called West Harwich, lying south of the southerly line of intersection of Chase Avenue, the said portion being located between the Hotel Belmont property on the east, and property belonging to James R. Strong on the west.

Article 21. To see if the Town will vote to extend construction of its Town Water System, from the present dead-end at junction of Oak and Park Streets, westward through Park Street to the Harwich-Brewster Road, so called, thence southerly through said Harwich-Brewster Road, connecting with the existing Water System at Main Street in Harwich Centre, near the Exchange Building; and raise and appropriate a sufficient sum of money therefor.

Article 22. To see if the Town will vote to extend construction of its Town Water System from Parallel Street near the present High School location, along Sisson Road toward South Street, and raise and appropriate the sum of Forty-seven Hundred Dollars (\$4700.00) therefor.

Article 23. To see if the Town will vote to raise and appropriate the sum of Twenty-six Hundred Dollars (\$2,600.00) to extend the Water Main from near the George Fottler homestead to a point called Uncle Venie's Road at Kozy Korner.

Article 24. To see if the Town will vote to raise and appropriate a sum not to exceed Five Hundred Dollars (\$500.00) to be paid to the Cape Cod Hospital for the establishment and maintenance of a free bed in the Hospital for the care and treatment of persons certified by the Selectmen to be residents of the Town and unable to pay for such care and treatment, in accordance with Section 74 of Chapter 111 of the General Laws, or take any action in relation thereto, and act fully thereon.

Article 25. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars (\$300.00) for the purpose of improving the beach at South Harwich.

Article 26. To see if the Town will vote to raise and appropriate the sum of Eleven Thousand Four Hundred and Sixty-two Dollars (\$11,462.) to purchase and equip a 500-gal. Fire Pumper, and to build and equip a Fire Station; said pumper and station to be located in West Harwich, and to act fully thereon.

Article 27. To see if the Town will vote to raise and appropriate the sum of One Thousand Three Hundred and Seventy-five Dollars (\$1375.) for the purpose of installing a new centrifugal 500-gal. pump on No. 1 fire pumper, and act fully thereon. By request.

Article 28. To see if the Town will vote to raise and appropriate a sum of money not to exceed Fifteen Hundred Dollars (\$1500.) under the provisions of Sub-Section 21 of Section 1 of Chapter 371 of Acts of 1921, and any

and all amendments thereof and additions thereto for the employing of a nurse through the Harwich Visiting Nurse Association, Inc.

Article 29. To see if the Town will vote to raise and appropriate the sum of Twenty-five Hundred Dollars (\$2500.) to be used under the direction of the Selectmen for the promotion of public recreation and amusement in the form of Baseball, in accordance with Legislative Acts of 1930, Chapter 12, Section 1, and any acts and amendments thereto.

Article 30. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars (\$300.) for the benefit of Chase Library, West Harwich.

Article 31. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars (\$300.) for the benefit of the Harwichport Library Association.

Article 32. To see if the Town will vote to raise and appropriate the sum of Six Hundred Dollars (\$600.) for the use of Harwich Post No. 292, American Legion, in the proper observance of Memorial Day and Armistice Day, and for other purposes. By request.

Article 33. To see if the Town will vote to raise and appropriate the sum of Twenty-five Dollars (\$25.00) for the expense of an officer finding and disposing of unlicensed dogs, and act fully thereon.

Article 34. To see if the Town will vote to raise and appropriate a sum of money for the improvement of Harwich-Orleans Road; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose; or take any other action in relation thereto.

Article 35. To see if the Town will vote to transfer the Surplus War Bonus Fund in the amount of One Thou-

sand Eighty-one Dollars and Forty-five Cents (\$1,081.45) to the Public Welfare Fund, and act fully thereon.

Article 36. To see if the Town will vote to raise and appropriate a sum of money for jetty work between the Chatham and Dennis lines, the same to be expended under the direction of the Water Ways Department, and act fully thereon.

Article 37. To see if the Town will vote to pay the Water Commissioners a salary and act fully thereon.

Article 38. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.) to be expended in connection with W. P. A. work, said money to be expended under the supervision of the Selectmen.

Article 39. To see whether the town will establish a planning board under the provisions of General Laws, Chapter 41, Section 81A, as added by Chapter 211 of 1936; the board to consist of five members, the first elections to be for one to five-year terms and thereafter one each year for a five-year term.

Article 40. To see whether the town will vote to accept the provisions of General Laws, Chapter 41, Sections 81F to 81J, inclusive, as added by Chapter 211 of 1936.

Article 41. To see if the town will vote to appropriate the sum of Twelve Hundred Dollars (\$1200.) for the preparation of a zoning system under the direction of the planning board, or act in any manner thereon.

Article 42. To see if the town will vote to raise and appropriate the sum of One Hundred Fifty Dollars (\$150.) for tuitions to Trade Schools. By request.

Article 43. To see if the Town will vote to transfer the unexpended surplus overlay of Twelve Hundred Eighty-

one and 53-100 Dollars (\$1,281.53) to the Reserve Fund, and act fully thereon.

Article 44. To see what action the Town will take in regard to its Herring Fisheries.

And you are directed to serve this Warrant by posting attested copies thereof one in each Post Office in said Town, seven days, at least, before the time of holding said meeting. The Polls will be open at 9 o'clock A. M. on Monday, February 1, 1937, and may be closed at 2 o'clock P. M.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, at the time and place of said meeting.

Given under our hands this 21st day of January, 1937.

JABEZ W. CROWELL,
CHARLES D. HOLMES,
GERSHOM D. HALL,
Selectmen of Harwich

A true copy.

School Nurse

Hope Becker, R. N.

Supervisor of Attendance

John T. Wood

REPORT OF THE SCHOOL COMMITTEE

The following reports embody the yearly account of the work of the Harwich School System and are presented for the consideration of the Town.

The Committee would like to make mention of the fact that we are aware that the transportation problem has not been satisfactorily solved. The uncertainty of what conditions in the High School were to be, the over-crowded conditions on the buses and the length of time away from home for the younger children are all conditions which the Committee hopes to remedy in the coming year. To this end we are asking the taxpayers to make a larger appropriation.

The opening of the New High School will necessitate a further increase in the expense of operating the schools but since the service to be rendered to the young people of our town is in keeping with the best traditions of modern education and better prepares them to cope with an ever more complex world, we feel that the citizens will feel a pride in making that service possible.

We wish to thank the personnel of the School Department for making this year one of harmony and accomplishment and to thank the citizens for their support and loyalty which makes the future brighter for the youth of Harwich.

RALPH W. DOANE, Chairman.
HENRY W. THOMPSON
LORING G. WILLIAMS

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Harwich:

Herewith I submit the annual school report for the year 1936.

In so doing I am impressed with the feeling that this may well be the last report of Harwich schools as they are and have been.

I am aware that during the coming year and with the completion of the new high school building, there should begin a new—not page or chapter—but a new volume of school history. Those of us who are privileged to be associated with this transition can not but feel inspired with new hope and zeal because of the opportunity which is ours. Along with this feeling of joy we are profoundly impressed with a sense of responsibility. No effort must be spared in order that the best results may be secured and the new opportunities capitalized to the fullest extent.

With the opening of the new high school we expect four new departments will be available, namely: Shop with a full time program, Home Economics, Physical Education and the School Lunch. With adequate facilities for the work and with space in the gymnasium for instrumental and vocal music and school assembly programs, with extended space and equipment for commercial work and laboratory, with a generous space for study hall and library I expect that activity in every department will assume new vigor. More and better work should be apparent.

Lest I be tempted to devote an undue amount of space to anticipations of the future, I will leave that to prove itself.

On October first 1936 the total enrollment of all schools in town was 423. This was 84 less than a year ago.

The High School Principal has shown, in his report, the change in the grades of his school.

For several reasons it appeared wise at the opening of the fall term to make other arrangements than last year to solve the temporary housing problem.

One room in the Center Elementary building was used to accommodate most of the seventh grade while another room in the same building is used for a special group comprised, for the most part, of those pupils of the seventh and fifth grades which could not be cared for in the other rooms. This group has fortunately been comparatively small in number thus making it possible for the teacher to do more individual work with those children where each child needs special help.

After organizing one room in this manner it was possible by some extra transportation to organize elementary grades as follows:

North Harwich building accommodates grades one to six, inclusive

Grade I Harwich Center

Grade II Harwich Port

Grade III Harwich Port

Grade IV West Harwich

Grade V West Harwich

Grade VI Harwich Center

Grade VII Harwich Center

Grades VIII to XII High School building

Instrumental music classes have met on Monday afternoon at the Chapel. Mrs. Nassi has had a group of beginners on various instruments which meets on Monday afternoon at West Harwich. Mr. John Wood has most generously contributed the use of one of his cabins for that purpose. Since the weather has become colder his assistance has made it possible for this group to meet outside the school building

but very conveniently near the school. We have greatly appreciated this help from Mr. Wood.

There have been two divisions of first grade at the Center. The small room formerly used as a shop has been placed at the disposal of first grade. Mrs. Nickerson and Miss Sherman have first grade work using both rooms in common.

The wood working tools have been transferred to the little shop rented from Dr. Moody opposite the high school building where wood working is continued on a part time schedule by Mr. Nelson.

The sewing has been carried on by the girls in the regular class rooms. Miss Glynn has discovered considerable interest and good results have been shown.

Art classes have continued to develop very nicely under the direction of Mr. Greeley. He has the courses well organized and ably presented.

The vocal and instrumental classes have had a very profitable year. Miss Patch has charge of vocal music and Mr. Nassi conducts the instrumental music as for the past four years. Both the class work and public appearances of their pupils show excellent instruction.

In a later section of this report the supervisors have given a more detailed outline of their work.

The teachers of grades I to VIII inclusive in Harwich, Chatham, Orleans and Eastham have been meeting regularly during the fall to work on the revision of the course of study in arithmetic. Later in the year we expect to recommend to the School Committees some changes in this department.

There have been some changes in the school faculty in 1936. Miss Ruth Mottau succeeds Miss Catherine Kelley at West Harwich where, by the rearrangement of grades,

Miss Mottau has the fifth grade only. Miss Kelley taught grades 4, 5 and 6. Miss Mottau is doing a fine piece of work not only in the class room but on the playground as well. Her playground organization and activities are very commendable.

Miss Alice B. Wallace resigned to be married. She had completed nearly five and one half years of outstanding service as teacher of the first three grades at North Harwich. She did wonders with and for those little children. She is a real teacher. Her work will be remembered. Miss Wallace is succeeded by Miss Phyllis B. Fall. Miss Fall is a graduate of Fitchburg State Teachers' College, class of 1936. Though this is her first school she is showing an understanding and appreciation of school problems and an ability to organize which is very gratifying to observe. Miss Edith F. Harding accepted another position and her resignation became effective at the close of the fall term, December 24, 1936. Miss Harding has taught with us since September 1931. She is succeeded by Mrs. Mary Eldridge who is carrying on the work as regular substitute till permanent arrangements are made.

The year has been one in which changes in organization of grades, extra transportation and temporary housing conditions have been required. The tolerance and patience of our school patrons have been much appreciated. When the people by unanimous vote at the last annual town meeting appropriated funds for the new school we had very positive and tangible evidence of their support. Let me express my deep appreciation of the cooperation which we have enjoyed.

Respectfully submitted,

CHARLES H. PRATT,

Superintendent of Schools.

PRINCIPAL'S REPORT

To the Superintendent of Schools:

In reading the report which I submitted a year ago, I notice a statement concerning an expected enrollment in September of 1936 of 241 pupils. When school opened only 199 pupils enrolled. From then until the end of the cranberry season pupils kept returning to school until we have had a total enrollment of 215. This is the same as a year ago. Of those who were expected to enroll but did not appear; four have gone away to school, ten have moved from town, ten have left school to go to work, and seven are unknown. This data serves to show how difficult it is to plan with certainty and accuracy for future conditions.

In the administration of the school itself, I feel that we have expanded and grown. More pupils are staying in school for longer periods, and this has increased the numbers in the upper grades. Because of this we have separated certain classes which have been joined. The Junior class has been withdrawn from the Senior class in the History department, and we now offer Economics and Commercial Law to Seniors, and American History and Government to Juniors. The Sophomores and Juniors have been separated in the Mathematics department, and we now offer Advanced Algebra to Juniors, and Plane Geometry to Sophomores in the Classical course.

We have added a course in Current History for those pupils who do not participate in vocal music.

We have been able to continue and enlarge the opportunities for instruction in sewing for the younger girls. An exhibition was held recently of some of the work which was completed just before Christmas. The Agent of the County Extension Service went with me to examine it. It

was excellent. We feel proud of what Miss Glynn and her pupils are accomplishing.

The work being done in the Manual Training shop shows the results of the training the boys are getting there. The articles being made have progressed from the very simple elementary products of former years. At least a dozen homes in town were enriched this Christmas by very commendable end-tables made in the shop, as well as by other articles.

We have been able to resume the daily full time Activity period for grades seven and eight. My instructions to the teachers have been that this time should be used for spelling, penmanship, music, drawing, current history, and home room activities such as special day programs, character education programs, and social ethics. To my mind, it is one of the most important periods in the pupil's program.

Due to the emergency arrangements made by the School Committee and the Superintendent in housing the entire seventh grade in the Elementary School building, we have been able to continue the departmental work with this grade, and offer them certain opportunities which otherwise they wouldn't have had. Then, too, the overcrowded condition in the High School building has been relieved, making the administration of this unit much more satisfactory.

We live in a competitive world. Nearly all our associations with our fellows are competitive in nature. Keen and clean competition, to my mind, promotes a healthy situation. It creates a desire to improve and a desire to excel.

Our school has participated in competition with other schools in various branches of school life. Last spring, Speakers from our pupils competed in a County contest at Hyannis and two representatives went to Williamsburg to compete in a State contest. Among other results we have had an increasing interest in public speaking and a desire to be represented in the contests this year.

Our orchestra has traveled many miles at considerable effort to compete in contests with other organizations for honors in musical achievement. We have all been pleased and gratified when it has returned with highest ratings.

Our dramatic activities, while not in direct competition with other schools, are always subjected to critical analysis. A desire to produce a play in a creditable manner becomes evident, which motivates the work and makes for better productions.

In interscholastic athletics our school has competed in a satisfactory manner. Our basketball teams last season developed a proficiency and skill of which the townspeople were very proud. The indications are that this season will be just as successful. Our baseball team went through its schedule of games and emerged as a well organized and properly functioning unit.

To my mind, competitive athletics will develop a true spirit of sportsmanship, an ability to give and take, and to instill an alert mind in a sound body as will nothing else.

There are other avenues of competition which ought to open and give the pupil a real incentive to improve himself along various lines.

This report is a statement of what we have been doing this year. It is not a prophecy of what we hope to accomplish in the future. We have carried on, doing our work to the best of our ability. However, we hope, with the opening of new facilities, that the sphere of our usefulness will be considerably enlarged.

Respectfully submitted,

PAUL A. MORRIS

REPORT OF THE ART SUPERVISOR

To the Superintendent of Schools:

The following report is submitted for the school year of 1936.

The purpose of the work this year has been to give the child opportunity to express his thoughts through the medium of pencils, paper, chalk, paint, and other materials. This was accomplished by problems and projects to stimulate the imagination; and standards of design, representation, construction, and color to improve his work.

The annual spring exhibition was arranged to show the projects and problems achieved by each grade as well as individual improvement and standards for each grade.

Elementary school work is carried on by the room teacher with the guidance of outlines, illustrative material, samples, and demonstration lessons. The course outline is based on standards and objectives for each grade in construction, design, representation, and color according to the interests and abilities of the class.

Additional knowledge and skill were introduced in the junior high school with perspective and a more intensive study of proportion, color, and design. Emphasis was placed on the sketching of objects and architecture. The courses in the junior high school and high school are carried on under personal instruction.

Art in the high school has aimed to give the pupil a general knowledge of composition, values, perspective, and design, and an opportunity to study standards of excellence by analyzing the work of artists, and class discussion of their own work.

Free hand and mechanical drawings of architecture, furniture, and objects in conjunction with the study of composition, perspective, and proportion are aimed to assist the pupil in leisure time activity or industrial occupation.

Block printing, decorative design, posters pen and ink drawings, and analogous work open an unlimited field for the student to develop recreational work and vocational stimulus.

Respectfully submitted,

PAUL G. GREELEY

Supervisor of Art

REPORT OF SUPERVISOR OF VOCAL MUSIC

To the Superintendent of Schools:

The rote song, which is sung phrase by phrase by the teacher and imitated by the children, is the introduction to music in our schools. Through tuneful melodies, changing rhythmic patterns and a variety of subject matter these songs form a basis for further knowledge and participation in vocal music in later years. They are taught, at least one a week, for the first year and a half.

Although note reading is introduced at the end of the second year, it is concentrated upon in grade III. The addition of a second or alto part comes in grade IV, and some work in three parts is done in grade VI.

Theoretical work is started in the first grade with the names of the lines and spaces of the staff, and is continued systematically through the sixth grade. Some special work is done with rhythm in grades I and II, while in the other classes it is discussed in connection with the effect desired in certain songs.

Upon this foundation of six years of progressive study grades VII and VIII are ready for a more varied class work. This year, as two years ago, they are studying the lives of a few of the world's great composers, and at least one work of each man. The list includes Beethoven, Mac Dowell, Handel and others. We try to place each man in his approximate place in time, and to learn his characteristics which make him different from all others. The compositions chosen to be studied are from a national survey which lists the ten pieces beloved by people of the general musical public. This study gives the children an opportunity to develop good attitudes for listening and appreciating the music made by others. Attention is called to various radio programs where such music may be heard.

Grade VII is becoming acquainted with the names and especial line of work of some of the outstanding musicians of today—people such as Koussevitsky, conductor of the Boston Symphony Orchestra; Fritz Kreisler, violinist; and Lawrence Tibbett, Metropolitan Opera singer. Current events concerning the people are discussed in class. With two periods a week for music the class is enabled to do much singing also. A group of children from this grade, assisted by a group from grades III, IV and V, presented a program of Christmas carols at the Harwich Woman's Club in December.

The high school chorus is open to anyone who wishes to sing, and because of a variety of abilities and interests represented, the music also must be varied. Each year new songs are introduced for class work, and special selections are prepared for the Monomasset Concert, and for the graduation programs. A group of seventy sang at the Monomasset Concert in November while at the spring program in April a cantata was sung by a group of forty.

In March 1937 the New England Festival will be held in Hyannis, and our Monomasset chorus will be represented in the large chorus group of about 300 to be conducted by Walter Butterfield of Rhode Island. This Festival is a wonderful opportunity for us all to hear good music, both orchestral and vocal, and to learn what fine work can be done with high school students. And for a few of our children it will be a thrilling few days to work with other good musicians from all over New England under excellent directors on beautiful music. While only a few of the most gifted may participate in such affairs, the background for appreciating and enjoying such music must come from our everyday class work in school. We can not all be talented, but we all may and need to enjoy music to some extent; and it is to fill that need that we have music in the public schools.

Respectfully submitted,

CHARLOTTE PATCH

REPORT OF SUPERVISOR OF INSTRUMENTAL MUSIC

To the Superintendent of Schools:

I hereby submit my annual report as Supervisor of Instrumental Music.

There used to be a time when music was regarded as the proverbial step-child of the school. However, during the last few years music has made tremendous forward strides and is considered one of the great moral forces in the school. We are not concerned so much for the development of skill and technique and what the child will do with music as we are concerned about the more important insight into music and appreciation of what it can do to the child.

As music is gaining a firmer hold on our young people in the public schools and becoming a real factor in education, we consider it our duty to direct this factor in such a way that it will bring the greatest results possible to the individual and benefit the community in which it exists.

In the past years it has been our aim to bring a better understanding among our Cape Communities through music. As a result, most of the important concerts of the year have been arranged with that idea in view. The Monomasset Concerts in which the best musicians from our own school district participate, the Central and Lower Cape Concerts in which pupils from Provincetown to Harwich play together, the Philharmonic Concerts, which this year have inaugurated sacred concerts in several Cape Churches, and the Junior Community Band which gives concerts throughout the summer all tend to create that friendly feeling among the different towns.

Those who helped in some way in the State and New England Contests witnessed a fine example in which our

players from Eastham, Harwich, Chatham, and Orleans cooperated as one person and, as a result, accomplished admirable work. Our group which all of these years had to fight an inferiority complex of not being musical here gained confidence. It used to be said of the Cape that nothing mattered beyond Hyannis. I think that saying is a thing of the past. I was rather surprised lately when I attended a New England Supervisors meeting at Boston how much these educators know about our Orchestra that comes from "Monomasset, Mass." I found that the misquotation, in the New England Festival Program, did more to advertise our district than if they had quoted it as they should. We are indebted to the School Committee and Mr. Pratt for the help and advice that they rendered to us through the year. It would have been impossible to make a success of our two most important ventures last year, the State and New England Contest trips, without his untiring efforts, especially in the latter. He has provided the group with transportation, meals and sleeping quarters at a minimum cost.

The following groups make up the instrumental classes in the Harwich Schools:

Senior Orchestra	26
Junior Orchestra	20
Beginners	14

I wish to thank Mr. Morris and Mr. LeClaire and all the teachers of Harwich schools for their help during the year.

Mrs. Nassi is taking care of the Beginners classes. This leaves me free to take care of the ensembles and the advanced pupils.

Respectfully submitted,

THOMAS NASSI

REPORT OF SCHOOL PHYSICIANS

To the Superintendent of Schools:

In reviewing the physical conditions of our school children we are, on the whole, rather pleased with them.

We are particularly pleased with the results of previous work, namely the immunization of the children against diphtheria. Since that immunization there have been, to our knowledge, no cases of diphtheria in the entire town. Previously there were several cases each year.

The State Department of Public Health is making a study of the school physical record cards of some 25,000 eighth grade children. The fact that Harwich is being included in this study makes it of great interest to us.

The problems receiving particular attention are:

- (1) What defects did these children have when they entered eight years ago,
- (2) What defects did they have when they finished the eighth grade,
- (3) What is the percentage of corrections,
- (4) Are there any defects which tend to increase as the child progresses through the grades,
- (5) What are the defects which decrease as the child progresses,

Harwich was one of the first towns to take up health inspection. Year after year we continue to make physical examinations on all the children. What a waste of effort this is unless the defects found are corrected! There is little value in discovering and rediscovering the same defects year after year unless something is done about it by the parents or the school.

As School Physicians we look forward to the day when the record cards will show that when the child finishes school all his correctible defects have been corrected.

Respectfully submitted,

J. P. NICKERSON, M. D.

H. F. ROWLEY, M. D.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

One event which we feel is of great benefit to the school child is the Dental Clinic. This year the Clinic was held in April. Dr. Turner of Marion was in charge and the Barnstable County Equipment was loaned to us once again.

Number of children treated	113
Number of deciduous teeth filled	264
Number of deciduous teeth extracted	87
Number of permanent teeth filled	167
Number of permanent teeth extracted	4
Number of cleanings	75
Number of certificates given	79

We completed the work through the third grade and did a few cases in the fourth and fifth grades that were very necessary. This work is beginning to make an impression now as our school doctors felt the teeth showed marked improvement at the time of the physical examinations this year. Our hope is that the parents will continue the work by bringing their children to their family dentists for regular check-ups. Then will we really have attained our goal.

Teeth usually bring to mind nutrition in its different phases, and in this connection we were most fortunate to have an expert on this subject with us for three weeks in June. Miss Dorothea Nicoll, B. S. was sent to us from the State Department of Public Health. She gave some very helpful advice to the school children on foods in relation to teeth. Home visits were made to about thirty families. We are looking forward to another visit from Miss Nicoll this spring.

Free milk was given by the Harwich Visiting Nurse Association. The children receiving this milk are selected by the doctors, teachers, and nurse. We consider the child's weight, general physical condition, school record, and home conditions. This year 1094 bottles were given, 1822 less than last year. The need did not seem to be as great this year.

In August a Vaccination Clinic was held at which Dr. Nickerson vaccinated fifteen children. This treatment is the preventative against Small Pox, and is a State requirement for the child entering school. Authorities suggest that children be vaccinated in early infancy, usually six to nine months old, then revaccinated on entering school to insure the control of this disease.

A Diphtheria Prevention Clinic was held in June. Dr. Goff of Hyannis administered the Toxin Anti-toxin with the help of the County Equipment. The majority of our school children have had this treatment at past clinics so this time we tried to get all the pre-school children available. The Nursery School was the center of our activities for this clinic.

Number of school children treated	17
Number of pre-school children treated	44

We were pleased to do this number of young children as the age group we are particularly interested in is that of six months to five years. At this period one is most susceptible to the disease. We hope that in the near future parents will go to their family doctors for this valuable treatment.

Two children attended the Summer Camp at Pocasset. They were selected by Dr. Kelley, Superintendent of the Barnstable County Sanatorium, as cases that were in need of the Camp treatment. They had their tonsils and adenoids removed and necessary dental work attended to. They were greatly helped by the camp life and seemed to enjoy being there.

The Chadwick Clinic work was carried on again this year by Dr. Julius Kelley of the Barnstable County Sanatorium. This clinic is for the purpose of finding new Tuberculosis cases and checking up on the cases already known. Work was done in the seventh, ninth and eleventh grades. One hundred and eight of these children were skin tested; ten were x-rayed; and ten were given a physical examination check-up by the doctor. The results have not been received yet. We were pleased that more children took advantage of this clinic this year.

A Well Child Conference was held at the Nursery School, June 9, 10 and 11 by the State Department of Public Health. The children were given a physical examination by Dr. Sally Saunders. The parents then discussed nutrition with Miss Dorothy Frank. Miss Anna Donovan took the case histories. Most of the parents attended this conference.

Number attending Conference	37
Number with Nutritional Defects	17
Number needing Dental Attention	26
Number needing Tonsils and Adenoids Removed	9
Number needing Chest X-ray	3

Two of these cases had their tonsils and adenoids removed during the summer. The chest x-rays were taken and found to be negative. The aim is to have all the defects corrected.

Respectfully submitted,

C. HOPE BECKER, R. N.

REPORT OF SUPERVISOR OF ATTENDANCE

To the Superintendent of Schools:

Again for the school year 1936 I report no apparent truancy.

The usual periods of sickness and no suitable clothes have been the features of my calls.

Respectfully submitted,

JOHN T. WOOD

*Miss Edith Harding's resignation became effective December 24, 1936. She began teaching in Harwich in September 1931, making a total term of service here of 5 years 4 months.

Mrs. Mary Eldridge took her work as regular substitute.

**Miss Ruth Mottau succeeds Miss Catherine J. Kelley. Miss Kelley taught in Harwich one year. From September 1935 to June 1936, 39 weeks. Miss Mottau took up the work September 8, 1936.

***Miss Alice B. Wallace taught North Harwich Primary grades till the close of school in June 1936. She began her work in Harwich March 2, 1931 making her total length of service here 5 years and 4 months. Miss Phyllis Fall took the position with the opening of school September 8, 1936.

HARWICH SCHOOL CALENDAR

September 8, 1936 to December 24, 1936	16 Weeks
January 4, 1937 to February 19, 1937	7 Weeks
March 1, 1937 to April 23, 1937	8 Weeks
May 3, 1937 to June 25, 1937	8 Weeks
<hr/>	
	39 Weeks

Graduation Exercises will be held on Friday evening, June 25, 1937.

A meeting of the teachers of Chatham, Eastham, Harwich and Orleans will be held at Harwich High School on Tuesday, September 7, 1937 at 9:30 A. M.

School sessions will begin on Wednesday, September 8, 1937.

There will be no school sessions on the following days:
February 22, 1937 (In vacation) (Monday) Washington's Birthday.

April 19, 1937 (Monday) Patriot's Day.

May 30, 1937 (Sunday) Memorial Day observed Monday, May 31.

September 6, 1937 (Monday) Labor Day.

September 7, 1937 (Tuesday) Teachers' Meeting.

October 12, 1937 (Tuesday) Columbus Day.

November 11, 1937 (Thursday) Armistice Day.

November 25 and 26, 1937 (Thursday and Friday) Thanksgiving Recess.

December 25, 1937 (Saturday) Christmas Day.

One day for Barnstable County Teachers' Convention.

A day for Institute if called by the State Department of Education.
